Dear Paul

We are writing to express our many thanks for the way in which you completed our new home at Wellington Point.

Finding the right builder to build your dream home is always everyone's desire. In you, we found that builder.

We are exceptionally pleased with the standard and quality of work carried out by yourself and your sub-contractors. Everyone we came in contact with during the construction was very co-operative and helpful.

Everyone who has seen the house has commented very positively on it with one passer-by saying it was "striking".

We are very proud of the house and have found it very easy to settle into.

Should we ever decide in the future to again build, we would have no hesitation in approaching you to do the work.

If you have any potential clients who would like to speak with us, we would be more than happy to do so.

Once again many thanks and all the very best for the future

Kindest regards

Dear Paul,

It's difficult to believe that this time last year we only had plans for our extension and now it is a reality. We love the work that you have done and the girls are really enjoying their new bedrooms and bathroom. I especially am grateful to have an office out of the bedroom. I also really appreciate that you were such a great person to deal with, always being so approachable and considerate of our concerns. As Paul was away for quite a bit of the construction process this really made the building experience an enjoyable one for me.

We are very happy that you made this an easy process and we would readily use Ison homes again and/or recommend you to other potential customers.

Kind Regards
